

THIS 2024, WE CELEBRATED 20 YEARS OF
THE YELLOW RIBBON PROJECT.
HERE'S SOME HIGHLIGHTS FROM
INITIATIVES IN THE 2ND HALF OF 2024!

Moving HeARTs in the City

Hey, art fans! The Yellow Ribbon Project's been up to something cool this August. They've been rolling out their "Moving HeARTs in the City 2024" art exhibition all over Singapore! For the first time this year, the roving art truck travelled to 7 public spots and 7 schools. including Ang Mo Kio Public Library, Gardens by the Bay, Jurong Regional Library, National Day Heartland Celebrations 2024 @ Central Singapore (Bishan), One Holland Village, Bugis+, Suntec Singapore Convention & Exhibition Centre.

Special thanks to all the schools that participated: Singapore Polytechnic, Temasek Polytechnic, ITE College East, St Athony's Canossian Secondary School, Pasir Ris Secondary School, Assumption English School, and Anglo-Chinese Junior College.

YELLOW RIBBON
COMMUNITY ENGAGEMENT

Moving HeARTs in the City

Themed "Our Journey, Our Hope", a total of 41 art pieces were created by 18 male inmates from the Visual Arts Hub, 25 women inmates from the Arts Behind Bars programme, and two ex-offenders.

These artists have poured their hearts out onto canvases, sculpted their stories in clay, and mixed up some seriously cool media. Each piece tells a story – of hope, of dreams, of the long and winding road to rehabilitation. It's not just art; it's a window into their world, their struggles, and their burning desire for a second chance at life.

Many of the art works were adopted by members of public, and the proceeds channeled to the Yellow Ribbon Fund.

YEARS OF CHAMPIONING SECOND CHANCES

CPAS Students Get Creative in Support of the Yellow Ribbon Project!

We're excited to share that Ms. Irdayu, a passionate physiotherapist and teacher from the Cerebral Palsy Alliance Singapore (CPAS), reached out to the Yellow Ribbon Project to explore how her students could contribute to this meaningful cause. In response, four talented CPAS students used assistive technology to unleash their artistic flair, creating stunning digital art to support the Yellow Ribbon Project.

A big thank you to CPAS for their inspiring creativity and for helping to spread the message of hope and second chances!
