Issue #04/2025

ENDING THE YEAR WITH HEART: CELEBRATING SECOND CHANCES

With heartfelt thanks for
walking this journey with us

Dear School Leaders,

As 2025 comes to a close, we would like to express our sincere appreciation to the schools, staff, and students who have partnered with us in promoting the message of second chances. Your support has strengthened our collective efforts to build a more understanding and inclusive Singapore for ex-offenders seeking to rebuild their lives.

Through your commitment, students have stepped forward to champion awareness, challenge stigma and take part in meaningful outreach efforts. Whether through the assembly talks, small-group engagements, or student-led projects, your involvement has helped deepen public understanding of the importance of reintegration and community support.

As we look ahead to 2026, we warmly invite you to continue this meaningful work with us. Together, we can empower the next generations to be advocates for empathy and positive change, and help create a society where every individual has the opportunity to start afresh.

Thank you for your partnership and your belief in this important cause.

STORIES OF UPLIFTED LIVES

From exploring the challenges faced during reintegration to learning how empathy and support can uplift lives, every booth and activity brought new understanding. The sharing session with Mr David Lee and Mr Yeo Yun Luo added depth and real perspective, reminding us how powerful second chances can be.

A huge thank you to both of them for taking the time to come down and share their experiences with our TPFAM — your insights made a lasting impact. ✨

Who are we?
We are a youth collective made up of students all over SG that are on raising awareness on the reintegration journey of ex-offenders. We organise various initiatives to raise funds for Yellow Ribbon Fund and their cause in supporting the reintegration of ex-offenders into our community.

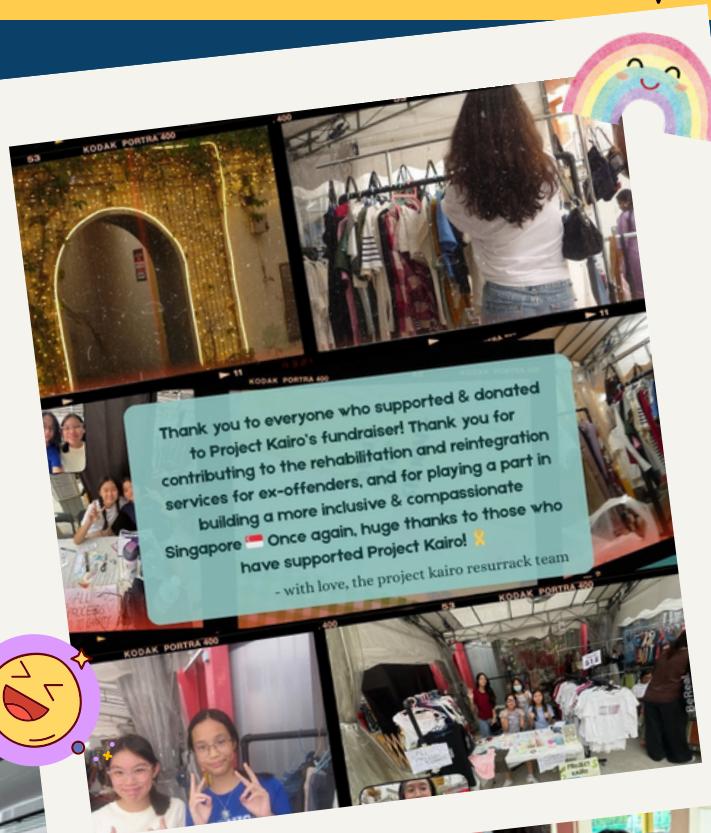

Why Solis?
Solis is latin for "the sun". Just like how the sun rises each day, it symbolises hope and warmth, something we hope to provide to the ex-offenders in their journey of reintegration.

Our vision
Greater empathy and understanding amongst youths towards ex-offenders

Our mission
To empower youths to be change-makers
To raise awareness about the struggles that ex-offenders face
To foster empathy and understanding amongst the next generation

We are Project Solis, a YFC project targeted at raising awareness on the struggles faced by ex-offenders in reintegrating into society through various initiatives. Solis is latin for "the sun". Just like how the sun always rises each day, symbolising hope and warmth, we hope to bring light into the lives of ex-offenders and provide support in their journey of reintegration into the community and workforce.
